Release continuously absorb efficiently

No need to remove!

encapsulate sunscreen

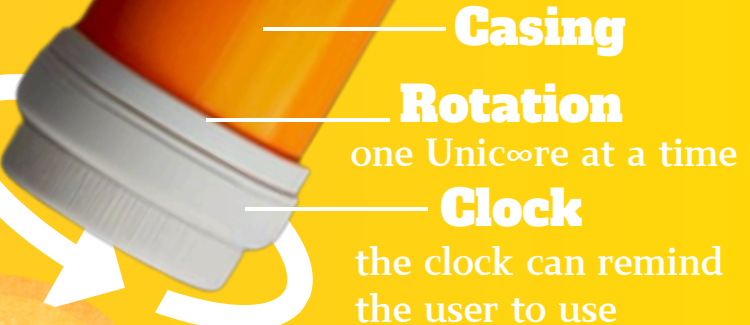

Targeted delivery scientifically efficient

Suitable for teenage boys

Microencapsulation Structure

Stable→Deforms nder external force
→Breaks→Dissolves in water

Casing

Rotation

one Unicore at a time

Clock

the clock can remind the user to use unicore on time.

Data Sharing

Establish a database to collect the skin condition and corresponding Unicore combination formula of teenage boys' users.

Sustainable Plan

A separate replacement can be purchased for long-term use with a multifunctional casing.

MARKETING STRATEGY

ONLINE MARKETING

Strategy 1: Software Embedding & Promotion

· Based on WeChat mini programs, collaborate with **e-commerce platforms** such as **Taobao** and **Tmall** to embed customized and testing programs.

Strategy 3: IP co-branding

· Collaborate with popular IPs among teenage boys, such as NBA, League of Legends, etc., to **launch limited edition packaging, color schemes, and organize activities** such as prize check in and so on.

Strategy 2: Social Media Campaigns

· Collaborate with **KOL/KOC** from different platforms to promote products targeting two major target customers.

For teenage boys:

For female customer:

· Establish **official accounts** on different platforms and invite industry experts, celebrity endorsers, and others to **share skincare knowledge and experience of using Unicore**.

OFFLINE MARKETING

Strategy 1: Campus promotion

· Organize skincare lectures and new product trial activities in **middle schools and universities** to popularize skincare knowledge to students, while promoting unicore bead products.

Strategy 2: Pop-up Stores

· Create a **unique shopping scene** and **interactive experience area**, while providing more professional detection equipment and choices to make consumers' customized Unicore experience more unique.

Strategy 3: Collaboration with offline stores

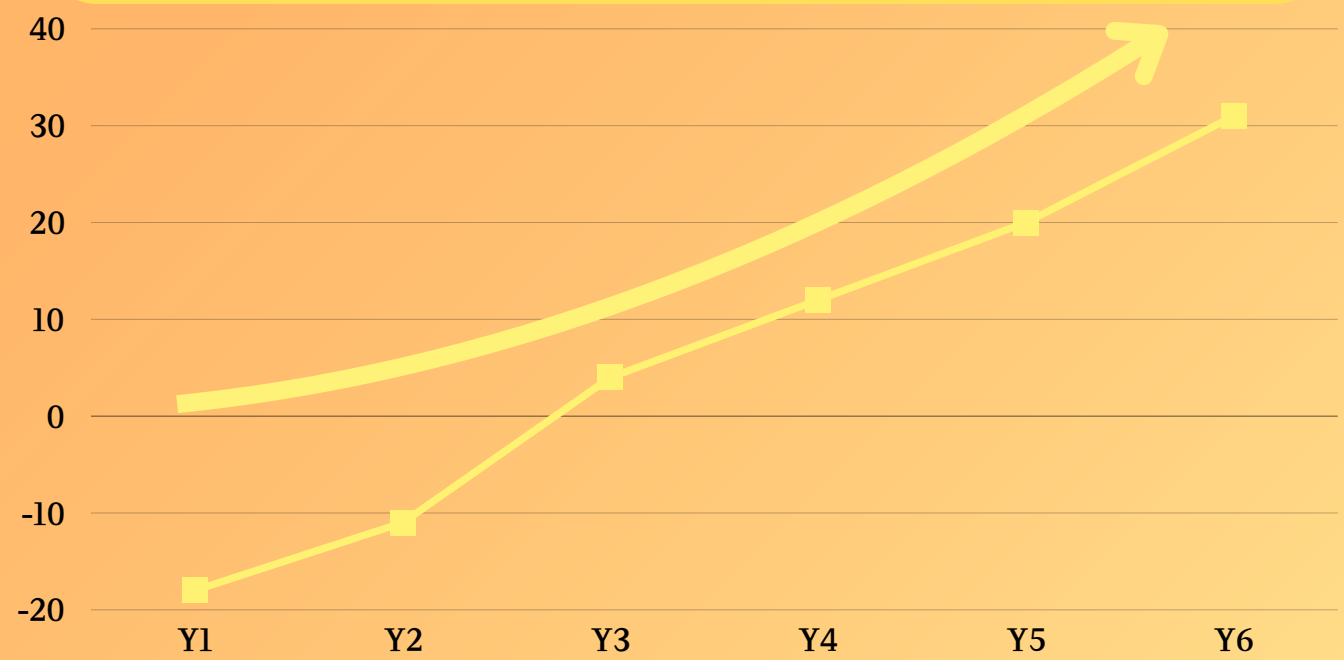

· Collaborate with **offline beauty collection stores** such as Watsons Sephora and existing L'Oreal offline stores, to **launch products and provide Unicore's supporting services** through manual guidance and other means.
